TRASH IMPROVEMENTS BEGIN ROLLOUT

NEW CARTS DELIVERED TO 60,000 HOMES BEGINNING MONDAY, APRIL 19

INDIANAPOLIS – Beginning Monday, April 19, 2010, new 96-gallon trash carts will be delivered to 60,000 homes in Indianapolis. Only those homes serviced by the Department of Public Works (DPW) solid waste pick-up will be affected. Through May 28, 10,000 carts will be delivered each week, totaling 60,000 carts. These new carts are provided to homes free of charge.

The delivery of these carts is the first step of several that will improve solid waste delivery for 120,000 homes across Indianapolis. On June 7, the pick up dates for those homes will change, allowing for better customer service and significant taxpayer savings. To find out if your home is affected, please visit www.indy.gov/trashimprovements.
